Notes: In the Health Promotion/Exercise Wellness field, authors are listed in decreasing order of contribution, and the following norms apply:

- ❖ The first author is usually the person who conducted most of the work and wrote the main contents of the manuscript and the first author is usually the corresponding author.
- ❖ Annotations for individual citations:
 - IF= impact factor
 - #C = number of citations (sources: # in ISI Web of Science/ # in Google Scholar on 01/)
 - Author names presented in italics and underlined indicates that a student mentored or co-mentored by CAD wrote the article
