GRANTS AND FELLOWSHIPS AWARDED

EXTERNAL

- 2018-2019 Organizer/Principal Investigator, American Association of Physical Anthropologists, Symposium Funding, \$1,565 awarded to support registration and travel for an international participant from an underrepresented region for the 2019 annual meeting.
- 2017-2018 Lead Organizer (with co-organizer, Gillian Crane-Kramer, SUNY Plattsburgh), School for Advanced Research, Research Team Seminar award (funded by NSF) for “The Evolution of Syphilis: A New Approach to an Old Debate,” April 2-6, 2018, Santa Fe, NM. Support provided for 10 participants (\$9,200 for reimbursable travel costs, plus lodging and meals).
- 2013-2019 Principal Investigator, Qatar-Sudan Archaeological Project (QSAP), sponsored by the Qatar Museums Authority and coordinated by Sudan’s Nubian Archaeological Development Organization. Project title: Bioarchaeology of Nubia Expedition. Award contract = \$1,184,115 (August 30, 2013-August 1, 2019). Amount granted to ASU = \$561,355 and portion transferred to required project account with Qatar National Bank in Khartoum = \$238,738 for total of \$800,093 awarded.
- 2010-present Principal Investigator, Private Donor Funds, \$122,500. Project title: Bioarchaeology of Abydos, Egypt (Donor support of “Bioarchaeological Research” for unrestricted use on any of my research projects.)
- 2011-2013 Co-Principal Investigator with Drs. David O’Connor, Matthew Adams (NYU) and Janet Richards (University of Michigan), Institute for Bioarchaeology, \$20,000. Awarded to NYU. Project title: Equipping the Bioarchaeology Facility at Abydos, Egypt.
- 2011-2012 Principal Investigator, Institute of Fine Arts/New York University, \$8889. Project title: 2012 Fieldwork and Organization of Bioarchaeology Collections at Abydos, Egypt; awarded but declined.
- 2011-2012 Principal Investigator (with co-investigator, Takeyuki Tsuda), Wenner-Gren Anthropological Research Foundation, \$10,000. Project title: International Workshop on Disruptions as a Cause and Consequence of Migration in Human History, May 3-6, 2012.

- 2010-2011 Co-Principal Investigator with Drs. David O'Connor, Matthew Adams (NYU) and Janet Richards (University of Michigan), Institute for Bioarchaeology, \$10,000. Awarded to NYU. Project title: Organization and Inventory of Bioarchaeological Collections at Abydos, Egypt.
- 2008-2011 Co-Principal Investigator with Dr. Stuart Tyson Smith (University of California, Santa Barbara), Packard Humanities Institute, \$204,130 ASU subaward (via UCSB from total project budget of \$250,000). Project title: Collaborative Research: Ancient Nubians and Early African States in the 4th Cataract Region of Sudan, UCSB-ASU MDASP 2009.
- 2008-2010 Co-Principal Investigator with Drs. David O'Connor, Matthew Adams (NYU) and Janet Richards (University of Michigan), Institute for Bioarchaeology, \$50,000. Awarded to NYU. Project title: Storage and Analysis Facility for Bioarchaeological Remains at Abydos, Egypt.
- 2007-2009 Co-Principal Investigator with Dr. Stuart Tyson Smith (University of California, Santa Barbara), Packard Humanities Institute; \$116,032 ASU subaward via UCSB from total project budget of \$236,317). Project title: Collaborative Research: Ancient Nubians and Early African States in the 4th Cataract Region of Sudan, UCSB-ASU MDASP 2008.
- 2007-2010 Lead Principal Investigator (with Dr. Stuart Tyson Smith, co-PI, University of California, Santa Barbara), National Science Foundation; \$162,034 to ASU from \$236,740 total project budget. Project title: Collaborative Research: Investigating Ancient Nubian Identity and Interaction with Early African States in the Fourth Cataract Region of Sudan.
- 2006-2008 Co-Principal Investigator with Dr. Stuart Tyson Smith (University of California, Santa Barbara), Packard Humanities Institute; \$54,156 ASU subaward (via UCSB from total project budget of \$147,160). Project title: Ancient Nubian Identity and Interaction with Early African States in the 4th Cataract Region of Sudan.
- 2006 Principal Investigator, Institute for Bioarchaeology, \$3588 awarded directly to PI. Project title: Bioarchaeological Fieldwork at the Fourth Cataract, Sudan.
- 2001-2002 Principal Investigator, Institute of Fine Arts/New York University, \$6127. Project title: Bioarchaeology of Early Dynastic Royal Funerary Monuments at Abydos, Egypt
- 1999 Principal Investigator, Institute of Fine Arts/New York University, \$5875. Project title: Middle Cemetery Excavation at Abydos, Egypt.
- 1998 Principal Investigator, Fort William Henry Corporation, June-July 1998, \$420. Crating and shipping of French and Indian War skeletons on long-term loan to B. Baker at ASU.
- 1995-1996 Co-Investigator with Nina Versaggi (University of Binghamton, SUNY), National Park Service, Native American Graves Protection and Repatriation Act, FY 1995 Grants to Museums, Grant No. 36-95-GP-071, \$74,915. I oversaw inventory of human remains from the Engelbert site housed at the NY State Museum and coordinated with Versaggi, who was responsible for inventory of associated and unassociated funerary objects from this site housed at Binghamton.
- 1997 Travel Grant, Tuberculosis Unit of the New York State Department of Health, Wadsworth Center, Albany, September 1997, \$1134.38. To attend the International Congress on "The Evolution and Palaeoepidemiology of Tuberculosis," Szeged, Hungary.
- 1995 Co-director (with Maria A. Liston), Discovery Channel, September-October 1995, \$800. Project title: Fort William Henry Cemetery Excavation.
- 1991 Fellow, American Research Center in Egypt, September-December 1991, \$4939.
- 1989 Predoctoral Grant-in-Aid No. 5086, Wenner-Gren Foundation for Anthropological Research, \$3750.

INTERNAL

- 2019-2020 Co-Principal Investigator (with Jane Buikstra (ASU), Kelly Knudson (ASU), and Sharon DeWitte (University of South Carolina). SHESC Interdisciplinary Research Grant Program, \$33,168. Project title: 21st Century Bioarchaeology: Taking Stock and Moving Forward.
- 2019-2020 Co-Principal Investigator (with Dr. Eric Bartelink, California State University, Chico), Center for Bioarchaeological Research Pilot Funding, \$4,490. Project title: Reconstructing Life Histories of French & Indian War Dead from Fort William Henry.
- 2019-2020 Co-Principal Investigator (with Dr. Kanya Godde, University of La Verne, and Dr. Jaime Ullinger, Quinnipiac University), Center for Bioarchaeological Research Pilot Funding, \$4,415. Project title: Exploring Interrelationships Across Time in Al-Qinifab, Sudan.
- 2018-2020 Co-Principal Investigator (with Dr. Lesley Gregoricka, University of South Alabama), Center for Bioarchaeological Research Pilot Funding, \$4,960. Project title: Investigating Mobility and Pastoralism in Kerma Period Communities Upstream of the Fourth Cataract.
- 2009-2013 Co-Principal Investigator with Dr. Takeyuki Tsuda, ASU School of Human Evolution and Social Change "Late Lessons from Early History" project, 4-year project budget \$100,715. Project title: Disruptions as a Cause and Consequence of Migration in Human History.
- 2006 Principal Investigator, ASU School of Human Evolution and Social Change Research Award, July 2006, \$750. Project title: Analysis of Achondroplastic Dwarfs from the First Dynasty Tomb of King Semerkhet, Abydos, Egypt.
- 2000-2001 Principal Investigator, ASU Faculty Grant in Aid, \$7000. Project title: Manifestations of Infectious Disease in a Modern Skeletal Collection in South Africa.
- 1999 Principal Investigator, ASU Department of Anthropology Research Award, \$1065. Project title: Paleopathology in Skeletal Remains from New York State.
- 1987-1988 Graduate School Fellowship, University of Massachusetts, Amherst, AY1987-88, \$6000.
- Spring 1987 Graduate School Fellowship, University of Massachusetts, Amherst, Spring 1987, \$3000.
- 1980 Richter Research Grant for Independent Study, Northwestern University, 1980, \$88.29. Project title: Analysis of Site N155-2 at Nauvoo, Illinois (undergraduate honors research)

DOCTORAL DISSERTATION RESEARCH, SUPERVISOR

- 2005-2006 Wenner-Gren Foundation for Anthropological Research Dissertation Fieldwork Grant #7284 to Kristen M. Hartnett, \$23,706.

HONORS AND AWARDS

- 2014 International Journal of Paleopathology, Certificate of Excellence in Peer Review
- 1995 Society for American Archaeology, Outstanding Professional/Non-Student Poster Award, 1995
- 1981, 1982 National Science Foundation Graduate Fellowship, Honorable Mention
- 1981 Sigma Xi Award for Undergraduate Scientific Research, Northwestern University, First Prize, 1981

- 1978-1981 Alpha Lambda Delta, Phi Eta Sigma, Kappa Alpha Pi, and Mortar Board Honor Societies, Northwestern University,
- 1977-1981 Illinois State Scholar,
- 1976 NSF Summer Anthropology Program, Field Museum of Natural History, Chicago, Student,

ARCHAEOLOGICAL FIELDWORK

- 2013- Director, Bioarchaeology of Nubia Expedition (BONE). Fieldwork from January through March 2014, 2015, and 2016 in c. 100 km² project area around al-Qinifab, upstream of the Fourth Cataract, Sudan. Fieldwork includes mortuary and settlement contexts, landscape archaeology, site survey and documentation, as well as cemetery excavation. Lab work is ongoing at ASU with exported artifacts and skeletal remains.
- 2006-2009 Co-director, Merowe Dam Archaeological Salvage Project, ASU-UCSB Fourth Cataract Project, Sudan. I directed ASU's bioarchaeological fieldwork on Kerma Period to Christian Period Nubian cemetery sites and was solely responsible for 2009 fieldwork.
- 2005-2006 Bioarchaeologist, Princeton University Cyprus Expedition, Polis Chrysochous. Designed a form for recording burials and conducted burial excavation. Project director: Dr. William Childs. June-July 2005, July 2006.
- 2002-2003 Senior Bioarchaeologist, 2002-03 Abydos North Cemetery Project. Designed new burial form for use in full four-month field season. Directed burial excavation in Early Dynastic royal subsidiary graves and later burials intrusive into royal enclosures. Upgraded curation of all human remains. Project director: Matthew D. Adams. Dec. 17, 2002-Jan. 15, 2003.
- 2001 Instructor, Field Methods in Bioarchaeology course at Pueblo Grande (AZ U:9:7) with Soil Systems, Inc., Phoenix. Trained four graduate students in excavation and documentation of human burials at a prehistoric Hohokam site. Oct. 1-Dec. 5, 2001.
- 2001 Co-Principal Investigator, North Dorm Archaeological Project, Arizona State University. Directed excavation of Hohokam burials, May through November, 2001.
- 1999 Assistant Director for Bioarchaeology, Abydos Middle Cemetery Project, Pennsylvania-Yale-Institute of Fine Arts Expedition to Abydos, Egypt. Directed burial excavation in an Old Kingdom and later cemetery and subsequent curation of human and faunal remains. Project director: Dr. Janet Richards. Sept. through Dec. 1999.
- 1995 Co-director, Fort William Henry Cemetery Project, Lake George, New York. Excavation in cemetery area to evaluate site use during historic and prehistoric periods, locate unrecorded trenches from the 1950s excavation and extant grave shafts from the 1755-1757 military occupation, Sept. through Oct. 1995.
- 1988-1991 Staff Physical Anthropologist; Field Supervisor, Pennsylvania-Yale-Institute of Fine Arts Expedition to Abydos, Egypt. Directed burial excavation in cemetery and town contexts (1988 and 1991 field seasons); supervised Egyptian crew members excavating in a Dynastic cemetery (1988); Project directors: Dr. Janet Richards (Abydos Northern Cemetery), Matthew Adams (Abydos Settlement Site); Expedition director: Dr. David O'Connor. April through June 1988 and Sept. through Dec. 1991.
- 1988-1992 Consultant, University of Massachusetts Archaeological Services, Amherst. Identification and excavation of human and faunal skeletal remains, including excavation of a prehistoric burial in Deerfield, Massachusetts, with a team from the State Archaeologist's office, Sept. 1988-June 1992.
- 1984-1987 Crew Member, University of Massachusetts Archaeological Services, Amherst. Testing of various historic and prehistoric sites in New England.

- 1984 Crew Member, American Indian Archaeological Institute, Robbins Swamp Project, Litchfield County, Connecticut. Survey and testing of possible Archaic sites. Project directors: Drs. Russell Handsman and George Nicholas. September through November.
- 1983 Crew Chief, Black Mesa Archaeological Project, Arizona. Mapped, collected, and described historic Navajo sites, and interviewed Navajo informants. Project director: Dr. Shirley Powell, Assistant Director: Dr. Deborah Nichols. Summer.
- 1982 Supervisor, Greenfield Landfill Project, Massachusetts. Excavation of a Middle Woodland habitation site (19FR159). October.
- 1982 Assistant Crew Chief, Black Mesa Archaeological Project, Arizona. Supervised Navajo crew members in excavation of Puebloan habitation sites. Project director: Dr. Shirley Powell, Assistant Director: Dr. F.E. Smiley. Summer 1982.
- 1980-1981 Crew Member, Foundation for Illinois Archeology. Testing and excavation at Gauwitz Mound Group (Middle Woodland), Peoria County, Illinois; also wrote preliminary site report. Project director: Dr. Jane Buikstra. Summer employment.
- 1979 Crew Member, Foundation for Illinois Archeology. Testing and excavation at Kuhlman Mound Group, Adams County, Illinois. Project director: Dr. Jane Buikstra. Summer.
- 1978 Student, Northwestern University Archaeological Field School, Kampsville, Illinois. Excavation at Helton Mounds (Late Woodland). Project director: Dr. Jane Buikstra. Summer.
- 1976 Crew Member, Koster Site, near Kampsville, Illinois. Excavation of Horizon 11 (Archaic) occupation. Project directors: Drs. Stuart Struever and Michael Wiant. August.
- 1976 Student, NSF Summer Anthropology Program, Field Museum of Natural History, Chicago. Excavation at Laughton Brothers' Trading Post, Ottawa Trails Woods, Riverside, Illinois. July.

RESEARCH IN BIOARCHAEOLOGY

- 2005- Bioarchaeologist, Princeton University Cyprus Expedition at Polis Chrysouchous. Analysis of skeletal remains excavated from 1984 onward.
- 1988- Senior Bioarchaeologist, Pennsylvania-Yale-Institute of Fine Arts (NYU) Expedition to Abydos, Egypt. Curation and documentation of the human remains discovered in the Abydos North Cemetery and adjacent town site during the 1988, 1991, 2001, and 2002-03, including descriptive skeletal analyses and ongoing research in paleopathology.
- 1999- Senior Bioarchaeologist, University of Michigan Abydos Middle Cemetery Project, Egypt. Curation and documentation of human remains excavated in 1999, including descriptive skeletal analyses and research in paleopathology.
- 2000 Feasibility Study on Diagnosis of Early Stages of Skeletal Tuberculosis, Dart Collection, University of the Witwatersrand, Johannesburg, South Africa, July.
- 1993-1999 Fort William Henry skeletal analysis, Lake George, New York. Osteology and paleopathology of British and provincial soldiers from the French and Indian War.
- 1992 Consultant, J.K. Archaeological Associates. Osteological analysis of a human burial from Deerfield, Massachusetts, for the Pratt Museum, Amherst College, May.
- 1985-1987 Research Anthropologist, US Army Natick Research, Development and Engineering Center, Natick, MA.

Human Factors Group, Science & Advanced Technology Directorate. Applied physical anthropology (anthropometry, fit tests, statistical analyses and report production). Summers 1985, 1986, 1987, January intersessions 1986, 1987.

- 1983 Consultant, Massachusetts Historical Commission and Rhode Island College. Osteological analyses of prehistoric human skeletal remains, Spring semester.
- 1981 Research Assistant for Ph.D. candidate (Robert Pickering), Northwestern University. Assisted in collection and coding of osteoarthritis data from prehistoric Illinois River valley populations, January-August.
- 1981 Osteological analysis and description of an achondroplastic dwarf from Elizabeth Mounds, Pike County, Illinois. Specific research on vertebral column, sacrum, and pelvis, Spring semester.

SYMPOSIA, SEMINARS, AND WORKSHOPS ORGANIZED (all peer-reviewed, student collaborators underlined)
